Theatre in Education is a process that uses interactive theatre/drama practices to help aid the educational process.

Inspiring a wide range of interactive theatre with children and young people. Encouraging and empowering them to investigate challenging situations for themselves.

	Stimulus is...		Devising is...
A	something that causes a reaction, especially interest, excitement or energy.	A	performing from script text and applying your own interpretation.
B	a piece of script that requires you to explore, stage and perform.	B	creating and developing an <i>original</i> piece of drama from stimulus.
C	a technique used to explore character; focusing objectives, obstacles and subtext.	C	a technique used within non-naturalistic performance which communicates meaning to an audience.

Rhys Jones - Everton fan Rhys was shot on August 22, 2007, as he walked home from football practice through the car park of the Fir Tree Pub in Croxteth.
