# Which way? Your way!

## Welcome to the first edition of **Which Way? Your Way! the Plymouth Training Provider Directory 2022-23.**

Brought to you by Devon and Cornwall Training Providers Network (DCTPN), in partnership with Plymouth City Council, this Directory will help you learn about the options that are open to you.

Working with training providers across the south west, and key organisations within the post-16 education, training and skills space we raise awareness of the opportunities available to young people and adults. Our Providers support literally thousands of people into Apprenticeships, further and higher education each year.

For many young people, thinking about which way to go next can be a confusing time. This Directory will provide you with clear information, giving you the opportunity to consider the best route for YOU!

Sharron Robbie MBE  
Managing Director  
DCTPN

### **The Directory aims to:**

- 1** Support young people and adults in Plymouth with information on the different career progression opportunities available to them.
- 2** Provide information on the wide range of opportunities that are available.
- 3** Provide information on the organisations in Plymouth who manage and deliver post-16 education, training and skills, and the best person for you to contact.

### **To provide the information, the Directory has two sections**

- 1** A section explaining the many different career progression options covered by this directory available to the reader.
- 2** A summary of the organisations who provide the opportunities, what they offer, where and how to contact them.

## What are your options?

The options shared in this Directory offer information for everybody, whatever you want to do and whatever your starting point.

There are a variety of progression pathways you can take to build your career. Different pathways suit different people due to your location, and the content or style of a course. What is great is that you can choose the best route to achieve your goals. An example of this is that you can take A-Levels and progress to University to get a degree, you can also gain a degree in some occupations as there are now a range of degree level Apprenticeships available - working, being paid and learning.

# Apprenticeships

An apprenticeship is a real job, with a real employer, where the apprentice will work full-time whilst learning new skills and knowledge towards the apprenticeship standard.

## Apprenticeship benefits

Apprenticeships are an exciting paid option for anyone wanting to gain experience, upskill or change career because they offer the chance to earn a wage whilst they work and study.

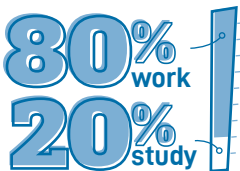

**Employed**

**Paid a salary**

**Contract**

**Typically  
1-4 years +**

**600+**

**Apprenticeship  
routes**

**Level 2 -  
degree level**

**Not the easy  
option**

**Real job = real  
responsibilities**

# Supported Apprenticeships

The same as an apprenticeship with added support for the apprentice and the employer if there are additional special needs required by the apprentice, this may include education or ability needs.

# Traineeships

Training programmes, run by colleges and training providers that prepare young people aged 16 to 24 to progress onto an apprenticeship, employment or further learning like a college course.

## What do I get?

- Training to prepare you for work, CV writing and what to expect
- Support to improve your English and maths
- Sector focused vocational learning

# A-Levels

Short for Advanced Level, A-Levels come after GCSEs. They usually focus on academic subjects, compared to vocational qualifications like BTECs and NVQs, which are more practical. There are more than 40 different A-level subjects on offer – some will be subjects that you studied at GCSE and others maybe new.

**Recognised internationally**

# T-Levels

A new range of qualifications, Technical Levels (T-Levels) are a practical, employer-led alternative to A-Levels, designed to get students work ready.

## Structure of a T-Level

A technical qualification, which includes:

- core theory, concepts and skills for an industry area
- specialist skills and knowledge for an occupation or career
- an industry placement with an employer

**English & maths**

**Interview techniques**

**Boost your confidence**

# Vocational Courses

A training programme which focuses on practical work. The 'Vocational' part of the name refers to the fact that this course prepares you for a vocation – a particular skillset required in different types of jobs. For people aged 19+ Skills Bootcamps can provide accelerated learning and entry to new opportunities.

**Focus on practical work**

**Progress to further study**

**Gain transferable skills**

**Learning in real situations**

**Gain an L2 or L3 qualification**

**Progress to skilled employment**

**Develop skills and knowledge**

**Meet the needs of employers**

**Some L3 quals attract UCAS points**

# Adult and Community Learning

Provides learning opportunities for adults and families who are 19 years of age or older with courses that are designed to help you get a job or gain new skills for work. Other courses offer opportunities to improve your health and mental wellbeing.

**Wide range of courses**

**19+**  
year-olds

**Gain qualifications**

## How to use this directory

Please be aware that listing all of the Apprenticeships or courses available is not possible in this directory, there are so many of them.

The titles used in the provider pages offer an idea of the sector areas supported, for example *Health and Science* includes all Health-related Apprenticeships including Health & Social Care, Nursing, Midwife, Pharmacist, Clinical Assistant and many more. Contact the provider or college for more information.

There are more than

600

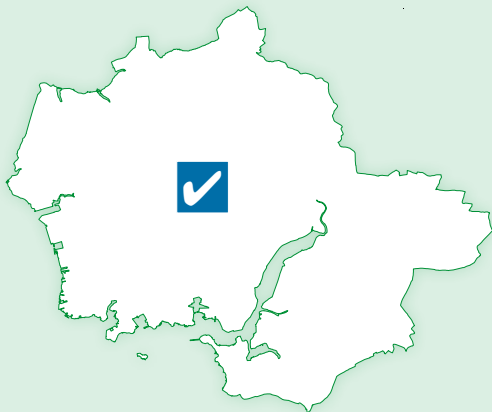

**Apprenticeship Standards available and a large number of A-Levels, Vocational Courses and Adult & Community Education courses.**
